

5. SAVJETOVANJE BH O/K CIRED

Mostar, 18.-20. listopada/oktobra 2026.

**MARKETING PROGRAM OF THE
5th CONFERENCE BH K/O CIRED**

Bosnia and Herzegovina CIRED Committee

Bosnia and Herzegovina CIRED Committee was formed as an organization within BH K/O CIGRE and operates throughout Bosnia and Herzegovina. BH CIRED committee deals with professional and scientific problems in the field of electricity distribution, studies the functioning of the electricity market, the regulatory process and its impact on the technological, functional and economic development of the electricity distribution system. At the heart of BH K/O CIRED's work are issues related to the electricity distribution system, including design, construction, operation, maintenance, organization, management and electrical equipment. Sections / study committees are the basic organizational forms of BH K/O CIRED. They study certain issues from the areas covered by BH K/O CIRED. The number of sections / study committees and the content of their work correspond to the sections / study committees of the International Conference on Electricity Distribution - CIRED.

The professional activity of BH K/O CIRED is organized according to the model of the International Conference on Electricity Distribution - CIRED through six sections / study committees:

Section/Study committee 1 – Network components

Section/Study committee 2 – Electricity quality and electromagnetic compatibility

Section/Study committee 3 – Operation, control and protection of systems

Section/Study committee 4 - Distributed generation and efficient use of electricity

Section/Study committee 5 - Distribution system planning

Section/Study committee 6 - Electricity market and regulation.
